SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECH SKILLS

- Python (Intermediate)
- Java (Expert)
- Data Structures
- Algorithms
- SQL
- Linux
- Docker

LANGUAGES

- English (Intermediate)
- Persian (Expert)

PROFILE

As a highly motivated Computer Engineering student, I possess a strong passion for the diverse fields within Information Technology and Programming. I have practical experience and familiarity with the powerful programming languages Python and Java, alongside proficiency in the versatile Linux operating system. With an unwavering commitment to continuous learning and professional development across various IT domains, I am consistently eager to actively contribute and collaborate effectively with both academic and friendly teams on relevant projects.

EDUCATION

Bachelor of Computer Science	2022-
Faculty of Data Science and Intelligent Systems Persian Gulf University	
School	2009 - 2021
Shah_e Folladi High School	

PROJECTS

Development of a Real Estate Registration System: A University Project

Description: This project, undertaken as part of university coursework, involved the creation of a system for the registration of real estate properties, providing practical experience in software development

Technologies Used: *Java: The primary programming language used for developing the application.*
JavaFX: The framework/library employed for building the user interface (UI) of the real estate registration system.

JAN 2024

INTERNSHIP MOTIVATION

Enthusiastic student with foundational knowledge in programming and software engineering. Eager to gain practical experience and learn at Company. Ready to collaborate and contribute effectively to projects.
